The results are in! Fifth Call for proposals under the Tempus IV Programme have been published. DataStation & WBCInno group successfully passed evaluation for funding of EACEA!

Quick Tour

As a partner of WBCInno on the project **"Modernization of WBC universities through strengthening of structures and services for knowledge transfer, research and innovation"** DataStation became one of the essential elements of improving Innovation and Communication capabilities of several great Universities worldwide and Business Partner Organizations.

Once the contractual procedure with EACEA was completed, **WBC-Inno project** has been signed by both parties, EACEA and University of Kragujevac.

The project proposal, the WBC-Inno project started on **October 15th, 2012**.

We would like to express our sincere gratitude to PhD Vesna Mandić from Faculty of Engineering Sciences of Kragujevac whose tremendous efforts guided this initiative and to all partners on WBCInno for their support and assistance during the proposal preparation.

We are honored to be part of the team and we are looking forward to working with WBCInno for the next three years.

Polished regards from your friendly neighbor – DataStation
